

During the course's two main projects, each team will meet regularly with one of the TAs. These meetings are mandatory and serve a dual purpose :

- Allow the TA to monitor the team's progress and every team member's contribution.
- Allow the team to brainstorm new ideas for the project with the TA in order to benefit from his/her expertise

These meetings will take place in **weeks 2 to 6** of each project, during the Wednesday courses (unless specified otherwise). Each meeting will last 15 minutes. Below are the meeting schedules for each project.
