

Peer evaluations

Student name : _____

Team name : _____

Date : _____

Very important reminders :

- You have 100 “contribution points” to share between yourself and the other members of your team.
- Your evaluations should consider contribution of time, contribution of effort and contribution of results.
- If you assign someone a score that differs from the average value (25 out of 100 for a 4-students team, 20 out of 100 for a 5-students team), you must provide a short explanation of the reasons behind your evaluation
- Refer to the evaluation grid document for the full peer evaluation process.
